

OLIWIA WIDUTO

Human Centred Designer

Belfast/North Coast | hi@fingerthief.co.uk | 07936536548

From the dawn of time I've been burdened by life-changing technologies rendered unusable by a 10 foot drop between the machine & the user. In the information age, advancement isn't slowing down, but it's completely in our hands to mould how it affects the human race. Any job which brings me one step closer to achieving that, is my dream job.
